SEASHORE GROUP

Seashore Group is one of the largest multidisciplinary business conglomerates in the State of Qatar. The Group operates from its headquarters at Al Khor, which is about 50 km North of Doha City. The owner and Chairman of the Group, Mr. Saeed Salem Al Mohannadi, a Qatari Businessman, and the Managing Director, Mr. Mohamed Ali, an Indian Entrepreneur, established the company in 1989. The group started small with just three workers and modest assets. Today Seashore is a thriving enterprise with over 3,500 employees and current assets totaling over QR 1000 million. The Group has grown at an exponential growth rate since its inception.

SEASHORE Group now comprises Fifteen Divisions that are re-operated by highly qualified Managers, Engineers, Technical and Management professionals, skilled technicians and tradesmen, and supported by a wide range of plants, machineries, equipment and vehicles, well-equipped factories, workshops and laboratory and fully-equipped camp facilities for its staff and workers.

The dawn of a new era in the growth of Group as well as in the history of Qatar. A professionally managed ISO 9001:2008 Certified company with experienced workers, the factory is successfully serving the national and international clients fully complying with international standards.

Our Vision

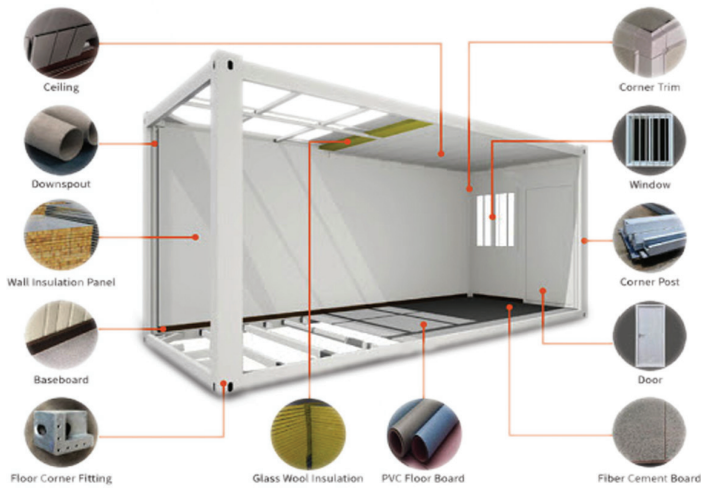

To be a role model in diversified Service and industrial sectors offering innovative and creative services and products with highest standards of Quality, Professionalism and Ethics; for Sustainable development. We are a dedicated team striving to bring growth and development to Qatar helping to maintain high standards and assist our clients in making their dreams into reality.

Our Mission

Offer the best leading to highest customer satisfaction through Quality, Productivity, Safety & Punctuality. Seashore is committed to building long-term relationships based on integrity, performance, value and client satisfaction. We will continue to meet the changing needs of our clients with our quality services delivered by the most qualified people.

- Construction and commissioning
- Maintenance
- Hire service

Our Commitments

At Seashore, we place a high premium on the health, safety and wellbeing of our clients and customers, employees, assets, and other people within our group and the community at large. Our workers are trained and experienced in working safely and in strict adherence to all work specific and project specific safety rules and regulations. The numerous awards received by us from major clients are a testimony to our commitment to occupational health and a safety environment.

Design and planning

We offer a complete turn-key design service for site facilities and workforce accommodation camps where we not only consider the client's capital costs but we take into account the running costs of the facility. Our objective is to help our clients to achieve an economical solution to their projects. Our designers take into account that the site facility or accommodation camps will eventually need to be demolished and the land cleared so we consider the afterlife of the buildings and facilities.

Maintenance

As Quality of our products and services are paramount to our core business strategy we offer an after sales and hire maintenance service. We will respond immediately to our clients request for maintenance and honor all warranties.

Camp and Site Office Facilities

We have a dedicated team of designers who have the experience to offer turn-key designs where they consider the running costs of the facility as well as the capital costs. Their aim is to provide an economical solution to the clients requirements. Our team is well versed with the various regulations of the Petrochemical Industry, Qatar Civil Defense and other Statutory Concerns In the State of Qatar and incorporate these regulations into our designs. To support the design team we have a dedicated team of professional installation technicians led by an ARK PREFAB certified Installation Supervisor and Trainer.

ARK Modular buildings are used world-wide by major clients in the Petrochemical and Mining Industry and is a product well tested and trusted.

Seashore Equipment and Logistics is an authorized distributor for ARK Prefab Products and will continue to uphold the reputation of ARK PREFAB by ensuring the quality of the Installation and adherence to the project schedule.
